

GMS 6792: Neuroscience Graduate Research Seminar

Course Director: Harry Nick, PhD

Email: hnick@ufl.edu

Students will present a 20-25 minute seminar, focused on their current neuroscience research, which will include introductory, data, and conclusion slides. Each presentation will be followed by 5-10 minutes of questions led by both graduate student participants as well as faculty members. Each student will receive written feedback via peer evaluations on his/her presentation style and ability to answer questions. Each student is also be expected to complete a peer evaluation for all other students enrolled in the course. S/U, 1 credit
